Plan Summary

This chart explains what your plan covers and what your share of prescription costs will be. You can also find it on our website.

Montgomery County Government

Under your plan, you may be able to save on prescriptions for long-term medications (used to treat conditions like diabetes, asthma, or high blood pressure) by filling a 90-day supply at select participating pharmacies in your plan's network. If you're currently filling 30-day supplies, you have the option to make the change. To ensure coverage, prescriptions must be filled as directed. **After two fills of the same medication, additional fills may cost more under your plan or require you to pay the full cost of the medication**. Short-term medications (like antibiotics) can be filled at any participating pharmacy in your plan's network.

	Short-Term Medications Fill at any pharmacy in your plan's network; Cost for up to a 30-day supply	**Long-Term Medications** Fill at select participating pharmacies in your plan's network; Cost for up to a 90-day supply
Generic Medications Best option to help you save money	**$10** for one 30-day supply	**$10** for one 90-day supply
Preferred Brand-Name Medications Best option when a generic isn't available	**$20** for one 30-day supply	**$20** for one 90-day supply
Non-Preferred Brand-Name Medications Highest cost option	**$35** for one 30-day supply	**$35** for one 90-day supply
Limits on Medication Fills	After **two** fills of the same medication, additional fills may cost more under your plan or require you to pay the full cost.	
Specialty Medications	**$10** for one supply of specialty generic medications **$20** for one supply of specialty preferred brand-name medications **$35** for one supply of specialty non-preferred brand-Name medications	
Annual Deductible	**$50** per individual	

Please Note: When a generic is available, but the pharmacy dispenses the brand-name medication for any reason other than doctor or other prescriber indicates "dispense as written," you will pay the difference between the brand-name medication and the generic plus the brand copayment.
